(54) SMALL PORTABLE TERMINAL EQUIPMENT WITH HAND-WRITING FUNCTION

(57)Abstract:

PURPOSE: To use an antenna section having a removable structure in common for an input pen with respect to a small sized portable terminal equipment having a function of telephone connection with hand-writing input.

CONSTITUTION: A main body of a portable terminal 1 having a hand-writing character numeral recognition means 4 recognizing hand-written characters and numerals written by an input pen, a hand-wiring character numeral display means 3 displaying the inputted characters and numerals, and a telephone connection means 5 making connection based on the displayed characters and numerals is provided with a connection device 8 for a removable antenna and input pen 2.

The antenna and input pen 2 acts like a radio antenna when it is inserted into the connection device 8 and acts like an input pen to write hand-written characters or numerals to the hand-wiring character numeral recognition means 4 when it is pulled out from the connection device 8.
